## Upload your sources

Upload PDFs, websites, YouTube videos, audio files, Google Docs, Google Slides and more, and NotebookLM will summarize them and make interesting connections between topics, all powered by the latest version of Gemini's multimodal understanding capabilities.

## Instant insights

With all of your sources in place, NotebookLM gets to work and becomes a personalized AI expert in the information that matters most to you.

The screenshot shows a dark-themed mobile application interface. At the top right are four rounded rectangular buttons: '+ Add note' (with a plus sign), 'Study guide' (with a graduation cap icon), 'Briefing doc' (with a document icon), 'FAQ' (with a question mark icon), and 'Timeline' (with a timeline icon). A pink speech bubble with the text 'INSTANT STUDY GUIDE!' is positioned above the 'Study guide' button. Below these buttons is a section titled 'Ulysses: A Study Guide' with the subtitle 'Ulysses Study Guide Quiz Answer the following questions in 2-3 sentences each...'. The entire interface has a dark background with light-colored text and icons.

See the source, not just the answer

Gain confidence in every response because NotebookLM provides clear citations for its work, showing you the exact quotes from your sources.

The screenshot shows a dark-themed digital notebook interface. A text input field contains the sentence: "Just as Odysseys and the Odyssey." A light blue callout bubble originates from the word "Odyssey" in the sentence. The callout bubble is labeled "CHECKING SOURCES" and has a small number "1" in a circle at its top left corner. A large blue cursor arrow points towards the "1" in the callout bubble. The background of the notebook shows other text fragments related to classical literature and mythology.
